

Dear City of Grantville Residents,

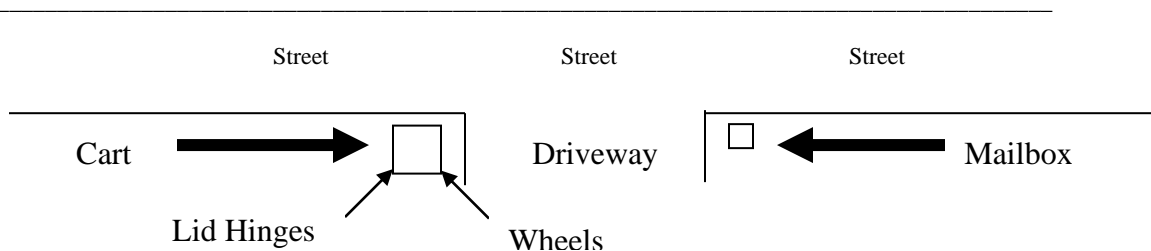

Recent changes in garbage collection methods have been put in place by our service provider, Green For Life Environmental (GFL). The City of Grantville has posted notices on our website: www.grantvillega.org and on our official Facebook page.

As a reminder, your regular household garbage collection day in Grantville is now on **FRIDAY**. If you are a new customer, add a cart, or request cart replacement, please allow 7-10 business days for delivery. Place your container roadside **THE NIGHT BEFORE** your scheduled pickup day. Please make sure that all trash is bagged and placed in the container. The driver will service only the **CART**.

Listed below are the items that we **CANNOT** collect in your regularly scheduled weekly service. When in doubt call our office for assistance.

- **Liquid paint** of any kind.
- **Hazardous material** – Flammables, lighting tubes, insecticides, caustic chemical
- **Batteries** – car, boat, motorcycle, etc.
- **Building material** – boards, drywall, tile, concrete, carpet/padding, etc.
- **White goods** – refrigerators, stoves, dishwashers, water heaters, etc.
- **Furniture** – couches, chairs, tables, dressers, televisions, etc.

Your account may be serviced with automated equipment. Automated trucks have a mechanical arm that is used to pick up carts and dump trash into the truck. Do not be alarmed if you see only one side of your street collected. This truck picks up on one side of the street and then turns around and picks up the other side. Proper cart placement is **extremely important**. Carts should always be placed at least five (5) feet away from any object. (trees, posts, mailboxes, shrubs, cars etc...) Once the cart is placed at the curb the wheels and lid hinges should be closest to your house. Please refer to the diagram below to help understand proper cart placement.

If you have two 96 gallon containers, please place them side by side at the curb following the same instructions. At GFL Environmental, we always strive to find better ways to deliver outstanding customer service. If there is ever a problem or concern, please let us know. Your business is important to us!
