

Senior Center Jeep for Home Delivered Meals Program

2006 Jeep Grand Cherokee Laredo

141,650 Miles

Besides regular maintenance:

March 29, 2018 - Jeep broke down in Luthersville. We had it towed and repaired at a cost of \$1118.84. See attachment.

September 10, 2018 – Repaired for \$356.82. See Attachment

We currently have 35 Home Delivered Meals clients. The majority of our clients live in rural areas and several of them have driveways with pot holes and ruts. We have one client that lives on a dirt road. Of course, when it rains these conditions are worse. Since we have been using this Jeep for a few years we know that a Jeep does well in these situations and a 4WD would be even better.

A new vehicle with updated features would make our driver safer and more secure while making deliveries. Being able to have hands free access to a phone in order to use GPS for locating homes of new clients or make a phone call in an emergency would be a great plus while out on the route. There have been some scary situations when these features would have been very useful for our driver.

The Jeep we are currently driving needs a paint job, it is making a new noise under the hood that needs to be checked out, one of the tires has a slow leak, the remote keyless to unlock the doors does not work, and the front wiper fluid won't spray.

EPA DOT Fuel Economy and Environment Gasoline Vehicle

Fuel Economy These estimates reflect new EPA methods beginning with 2017 models.

25 MPG Small SUV 2WD range from 18 to 120 MPG. The best vehicle rates 130 MPGe.

22 city **31 highway**

4.0 gallons per 100 miles

You spend \$750 in fuel costs over 5 years compared to the average new vehicle.

Annual fuel cost \$1,550

Fuel Economy & Greenhouse Gas Rating (tailpipe only) **10** Best

Smog Rating (tailpipe only) **5** Best

This year's engine 352 grams CO2 per mile. The best emits 0 grams per mile (tailpipe only). Precursor and displacement fuel also covers emissions; learn more at fuelconomy.gov

Actual results will vary for many reasons, including driving conditions and how you drive and maintain your vehicle. The average new vehicle gets 27 MPG and cost \$7,000 to fuel over 5 years. Certain vehicles may have emissions that are a significant cause of climate change and smog.

GOVERNMENT 5-STAR SAFETY RATINGS

Overall Vehicle Score Not Rated
 Based on the combined ratings of frontal, side, and rollover. Should ONLY be compared to other vehicles of similar size and weight.

Frontal Crash Driver Not Rated, Passenger Not Rated
 Based on the risk of injury in a frontal impact. Should ONLY be compared to other vehicles of similar size and weight.

Side Crash Front seat Not Rated, Rear seat Not Rated
 Based on the risk of injury in a side impact.

Rollover ★★★
 Based on the risk of rollover in a single-vehicle crash.

Star ratings range from 1 to 5 stars (★ ★ ★ ★ ★) with 5 being the highest.
