Re: Fiscal Year 2022 (FY22) Year-End Settlement (YES) and Contract Payment

Reimbursement

At the October 20, 2022, Electric Cities of Georgia (ECG) Board Meeting, the ECG Board approved the FY22 Financial Audit, the related YES amounts, and the Contract Payment reimbursement for each ECG Member.

The Final ECG FY22 YES total was \$109,647

ECG determined the FY22 YES as the amount of actual ECG revenue earned over expenses and allocated to Members based on their allocations for each service.

The ECG FY22 Contract Payment reimbursement was \$73,441

When ECG first spun off from MEAG Power in 2009, the 52 ECG members provided us with startup funding for working capital. The current Inter-Participant Contract requires ECG to pay that funding back over time using net revenues received from 3rd parties. Each fiscal year we determine that amount and allocate it ratably back to each Member based on the initial contributions in 2009. We refer to this payment as a Contract Payment reimbursement.

ECG Members will have three options for distribution of their FY22 YES and Contract Payment funds:

- 1) Allocation of the funds into a Member-specific Education, Training and Development Fund.
- 2) A refund check.
- 3) Credit to next succeeding ECG bill(s).

Each Member must make their individual choice as to which option they prefer, and remember, you may use any combination of options as long as the total equals 100% of your FY22 YES and Contract Payment.

Attached to this memo is your FY22 YES and Contract Payment Reimbursement Election Form. Please complete the form, have one of your Authorized Officials sign and date for approval and then return it via mail, fax or e-mail based on the information below at your earliest convenience and no later than November 30, 2022. As a default, ECG will issue refund checks for forms not received by the deadline.

Election Forms for Off-system Sales Margins &

Voluntary Deposits into the MCT

MEAG Power Participants have the annual opportunity to designate the disposition of off-system energy sales margins. Participants can elect to have sales margins applied as a credit to their MEAG Power bill or deposited into their Municipal Competitive Trust (MCT) account(s). Margins applied to MEAG Power bills will be separately identified by Project on the bill(s). Margins deposited into the MCT will be deposited into the MCT account(s) and investment option(s) on the day that the bill payment is drafted in accordance with the selected option(s) on the completed Off-system Sales Margins Election Form (Form). MEAG Power currently has an evergreen election form (EEF) on file for your organization's election(s). A copy of the retained EEF is attached for your convenience. The EEF designates whether to credit your bill or deposit sales margins into the MCT account(s) per the attached EEF. MEAG will continue executing your off-system sales margins as noted on the attached EEF until directed otherwise. If you wish to make a change, the 2023 Off-System Sales Margins Election Form must be completed and returned by December 15, 2022 to allow for processing and inclusion of your selected election beginning with the February 2023 bill rendered in March 2023.

MEAG Power Participants also have the opportunity to voluntarily deposit funds into MCT account(s) and investment option(s) on an annual or more frequent basis, if desired. Voluntary payments and deposits are identified and described on separate lines on your organization's monthly MEAG Power bill. Both the payment and deposit will take place on the day that the bill payment is drafted in accordance with the selected option(s) on a completed 2023 Voluntary Deposits into the MCT Election Form. If you elect to voluntarily deposit funds into the MCT, please contact your Regional Manager to request a blank 2023 MCT Election Form for completion. Please complete the requested 2023 MCT Election Form and return it by December 15, 2022 to allow for processing and inclusion of the selection beginning with the January 2023 Power Supply bills rendered in February 2023.

Completed election forms must include signatures matching the authorized signatories on file for each Participant.

Please contact a Regional Manager if you have any questions concerning this matter.
