FOR THE RECORD - CITY COUNCIL MEETING - June 26, 2023

I'm always happy to see concerned citizens present. On Saturday, June 17th the Grantville community celebrated Juneteenth, an official City holiday at Griffin Park. The event was well attended, enjoyable and educational. Two seniors in our community were honored: Mrs. Mandy Heard received a presentation as Mrs. Juneteenth 2023, and Chef James O. Berry received a presentation as Mr. Juneteenth 2023. The entertainment was provided by Julian Matthews/Soul Gospel and photographic coverage by Benjamin Ogunshola of Ogun Photography & Design. The event was promoted and supported by local businesses, organizations and citizens in the community.

I am currently recommending that the City establish a Grantville Veterans Center at the Historic Passenger Depot on Downtown Main Street. We need a place easily accessible to the public where we can visit after normal business hours to view veteran displays and Grantville historic materials. Several of our veterans recently passed away. Mr. Leon Dyes and Mr. Eddie Luttrell who made outstanding contributions to our community and their presence is sorely missed in this community. I feel it is important that the City honor the service of our veterans and pay tribute to the men and women who fight to insure the freedoms that we enjoy in this United States of America.

I am still waiting for a response to several proposals where I feel action is needed. We have a lot of work to do to bring the City in compliance with our Charter, Municipal Code, and Comprehensive Plan. I personally feel that the four-day work week which was not recommended or approved by the City Council should be restructured to enable employees to rotate schedules and work four days - that would result in coverage so that City Hall would be open to the public on regular business days, Monday through Friday, excluding holidays. I support and appreciate the hard work of our employees, but I don't agree with any employee benefits that cause an extreme inconvenience to our citizens.

Thanks so much for our attendance tonight!

Dee Latimore Berry, Councilwoman, Council Administrative Committee Chair

AGENDA ITEM

1. Title & Description: Approve Resolution Establishing A Grantville Veterans Center in the Historic Passenger Depot at Downtown Main Street
2. Reason for Item: The City of Grantville is a diverse community with veterans representing all branches of the armed forces. The City of Grantville is a designated "Purple Heart Community and has a rich history which includes notable veterans who have served with honor. Establishing a location to display historic artifacts and military memorabilia would pay tribute to these heroes and be a lasting memorial for our seniors, our youth and visitors to our community. It is proposed that the Center be open in time for viewing on the 4th of July holiday 2023, all upcoming official holidays and on a weekly schedule based on availability of volunteers.
3. Description of benefit to citizens of Grantville: Adoption of this Resolution by the City Council will contribute to the self-esteem of our youth, seniors, veterans and all citizens. It will set aside a City-owned facility to be utilized for veterans displays, artifacts, historical items and photographic materials for preservation, observation, and sharing by the total community. Opening of the Grantville Veterans Center would be an indication that Grantville is a warm, welcome and caring community.
4. Resources required:
 - A. Human capital - To be set up by Council Admin Committee
 - B. Cost of initial project - Minimal supplies to set up displays
 - C. Need for ongoing cost, both human & monetary - Volunteer staff/Contributions/Fundraising/Oversight by Council Admin Committee.
 - D. Proposal on where the cost comes from in the budget - Council Admin Committee Budget
 - E. Impact to future budget & taxes - TBD/Council Admin Committee Budget
5. Time frame for delivery of project: Immediate (July 1, 2023)

FOR THE RECORD - CITY COUNCIL MEETING - July 10, 2023

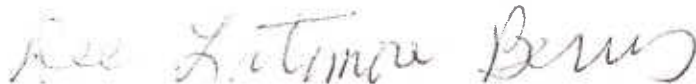

I would like to encourage the concerned citizens present tonight to continue attending meetings in the future and encourage your neighbors and other residents to attend. Your interest and input is needed as a vital part of the process of open and transparent government and in keeping with our designation as a City of Ethics.

At the last meeting I was insured that an item that I presented for consideration, Establishing a Veterans History Center at the newly refurbished Historic Passenger Depot on Downtown Main Street, would be placed on the printed Agenda for tonight. When I inquired why it was missing, I was informed that I did not provide enough information. I believe that I am the only Council member being shut down and treated in this manner.

I was elected by you, the citizens of Grantville, and I am sure you expect me to do the best job possible. However, I feel that the current negative attitudes toward me is totally unacceptable. A few examples: I have been locked out of City Hall, ignored, told by staff that I am not to be trusted with keys to City facilities, and told by the Mayor that if I had any issues to get an attorney to represent me. I have decided to decline incurring legal fees in order to address this discrimination. However, I will continue to do the best that I can when I am requested to represent your interests or to address improper, illegal or biased conditions within the government of Grantville. I take my Oath of Office seriously and want you to know that I love and care about all of the citizens of Grantville and the staff hired to service the community. Grantville, GA is a charter City located in America, a democracy, and we all are entitled to enjoy the freedoms of citizenship that we just celebrated on Juneteenth and on Independence Day.

I will address the biased treatment, disrespectful action toward me and attempts to prevent me from doing my job as a Councilmember that I have experienced up to this date. In this regard, I will announce my plan of action in the future. Please feel free to contact me if you have any questions (678-621-3355).

Thanks so much for your attendance tonight!

SECTION ONE

Chapter 29- Offenses and Miscellaneous Provisions is hereby amended by adding the following:

ARTICLE V. NOISE

Sec. 29-70 Prohibited conduct.

(a) Restrictions of 300 feet for 7:00 a.m. through 11:00 p.m. Sunday through Thursday and 7:00 a.m. through 12:00 midnight on Friday and Saturday.

(1) Mechanical sound-making devices. It is unlawful for any person or persons to play, use, operate, or permit to be played, used, or operated any radio receiving device, television, stereo, musical instrument, phonograph sound amplifier or other machines or devices for the producing, reproducing or amplifying of sound and/or noise at such a volume and in such a manner so as to create, or cause to be created, any noises or sounds which are plainly audible at a distance of 300 feet or more from the building, structure or vehicle, or in the case of real property, beyond the property limits, in which it is located, whichever is farthest, between the hours of 7:00 a.m. and 11:00 p.m. Sunday through Thursday and between the hours of 7:00 a.m. and 12:00 midnight on Friday and Saturday.

(2) Human-produced sounds. It is unlawful for any person or persons to yell, shout, hoot, whistle, or sing on the public streets or sidewalks or on private property so as to create, or cause to be created, any noises or sounds which are plainly audible at a distance of 300 feet or more from the place, building, structure, or in the case of real property, beyond the property limits, in which the person is located, whichever is farthest, between the hours of 7:00 a.m. and 11:00

p.m. Sunday through Thursday and between the hours of 7:00 a.m. and 12:00 midnight on Friday and Saturday.

(3) Commercial advertising. It is unlawful for any person or persons to use, operate, or permit to be used or operated any radio receiving device, musical instrument, phonograph, loud speaker, sound amplifier or other machine or device for the production or reproduction of sound which is cast upon the public streets or other public property for the purpose of commercial advertising or which serves to attract the attention of the public to any building, structure or vehicle in such a manner so as to create, or cause to be created, any noises or sounds which are plainly audible at a distance of 300 feet or more from the source of the sound cast upon the public streets or other public property or from the building, structure, or in the case of real property, beyond the property limits, in which it is located, whichever is farthest, between the hours of 7:00 a.m. and 11:00 p.m. Sunday through Thursday and between the hours of 7:00 a.m. and 12 midnight on Friday and Saturday.

(4) Party noise. It is unlawful for any person or persons in charge of a party or other social event that occurs on any private property to allow that party or social event to produce noise in such a manner that such noise is plainly audible at a distance of 300 feet or more from the building or structure from which the noise is emanating or in the case of real property, beyond the property limits, on which the party or social event is located, whichever is farthest, between the hours of 7:00 a.m. and 11:00 p.m. Sunday through Thursday and between the hours of 7:00 a.m. and 12 midnight on Friday and Saturday. For the purposes of this subsection, a "person in charge of a party or other social event" shall mean any adult person who resides in or on the premises involved in such party or social event and is present at such party or social event. For the purposes of this subsection, "noise" shall mean the same sounds, or any combination thereof, as described in paragraphs a. or b. above.

(b) Restrictions of 100 feet for 11:00 p.m. through 7 a.m. Sunday through Thursday and 12:00 midnight through 7:00 a.m. on Saturday and Sunday.

(1) Mechanical sound-making devices. It is unlawful for any person or persons to play, use, operate, or permit to be played, used, or operated any radio receiving device, television, stereo, musical instrument, phonograph sound amplifier or other machines or devices for the producing, reproducing or amplifying of sound and/or noise at such a volume and in such a manner so as to create, or cause to be created, any noises or sounds which are plainly audible at a distance of 100 feet or more from the building, structure, or motor vehicle or in the case of real property, beyond the property limits, in which it is located, whichever is farthest, between the hours of 11:00 p.m. and 7:00 a.m. Sunday through Thursday and between the hours of 12:00 midnight and 7:00 a.m. on Saturday and Sunday.

(2) Human-produced sound. It is unlawful for any person or persons to yell, shout, hoot, whistle, or sing on the public streets or sidewalks or on private property so as to create, or cause to be created, any noises or sounds which are plainly audible at a distance of 100 feet or more from the place on public streets and sidewalks, or in the case of private real property, beyond the property limits, on which the person is located, whichever is farthest, between the hours of 11:00 p.m. and 7:00 a.m. Sunday through Thursday and between the hours of 12:00 midnight and 7:00 a.m. on Saturday and Sunday.

(3) Commercial advertising. It is unlawful for any person or persons to use, operate, or permit to be used or operated any radio receiving device, musical instrument, phonograph, loud

speaker, sound amplifier or other machine or device for the production or reproduction of sound which is cast upon the public streets or other public property for the purpose of commercial advertising or which serves to attract the attention of the public to any building, structure or vehicle in such a manner so as to create, or cause to be created, any noises or sounds which are plainly audible at a distance of 100 feet or more from the source of the sound cast upon the public streets or other public property or from the building, structure, or in the case of real property, beyond the property limits, in which it is located, whichever is farthest, between the hours of 11:00 p.m. and 7:00 a.m. Sunday through Thursday and between the hours of 12:00 midnight and 7:00 a.m. on Saturday and Sunday.

(4) Party noise. It is unlawful for any person or persons in charge of a party or other social event that occurs on any private property to allow that party or event to produce noise in such a manner so as to such noise is plainly audible at a distance of 100 feet or more from the building or structure from which the party noise is emanating or in the case of real property, beyond the property limits, on which the party or social event is located, whichever is farthest, between the hours of 11:00 p.m. and 7:00 a.m. Sunday through Thursday and between the hours of 12:00 midnight and 7:00 a.m. on Saturday and Sunday. For the purposes of this subsection, a "person in charge of a party or other social event" shall mean any adult person who resides in or on the premises involved in such party or social event and is present at such party or social event. For the purposes of this subsection, "noise" shall mean the same sounds, or any combination thereof, as described in paragraphs a. or b. above.

(c) Restrictions for areas within apartments, condominiums, townhouses, duplexes, or other such residential dwelling units.

Except for persons within commercial enterprises that have an adjoining property line or boundary with a residential dwelling unit, it is unlawful for any person to make, continue, or cause to be made or continued any noise in such a manner as to be plainly audible to any other person a distance of five feet beyond the adjoining property line wall or boundary of any apartment, condominium, townhouse, duplex, or other such residential dwelling units with adjoining points of contact. For the purposes of this subsection, "noise" shall mean human-produced sounds of yelling, shouting, hooting, whistling, singing, or mechanically-produced sounds made by radio-receiving device, television, stereo, musical instrument, phonograph sound amplifier or other machines or devices for the producing, reproducing, or amplifying of sound, or any combination thereof. For the purposes of this subsection, "property line or boundary" shall mean an imaginary line drawn through the points of contact of (1) adjoining apartments, condominiums, townhouses, duplexes or other such residential dwelling units with adjoining points owned, rented, or leased by different persons; or (2) adjoining common areas or adjoining exterior walls. Said property line or boundary includes all points of a plane formed by projecting the property line or boundary including the ceiling, the floor, and the walls.

Sec. 29-71 Exclusions.

The prohibitions of Section 29-70 shall not apply to the following:

(a) The generation of noise by public safety vehicles, emergency signaling devices, or authorized public safety personnel performing their public functions.

- (b) Noise from an exterior burglar alarm of any building, or from any automobile alarm, provided such alarm shall terminate its operation within 30 minutes of its activation.
- (c) The generation of noise in the performance of any work or action necessary to deliver essential services including, but not limited to, water or sewer projects, and other related public works projects; repairing gas, electric, telephone, and/or public transportation facilities; removing fallen trees on public rights-of-way; or abating emergency conditions threatening the public health, safety or general welfare.
- (d) Noise from snow blowers, snow throwers, and snowplows.
- (e) Noise generated from celebrations, outdoor festivals, and/or municipally sponsored or approved events which were approved by contract, permit or otherwise.
- (f) Any noise resulting from activities of a temporary duration, for which a permit for temporary variance has been granted pursuant to this article, and which conforms to the conditions and limits stated in the variance and reasonably related activities.
- (g) Noises resulting from any event sponsored by, associated with, or approved by a recognized institution of learning.
- (h) Noises that result from or arise out of or stem from the occurrence of a professional sporting event or organized sports league.
- (i) Noises and/or sounds caused to be made by manufacturing, governmental, or commercial entities in the normal course of their business.
- (j) Any noise arising out of construction, maintenance, repair or renovation activities related to city infrastructure will be monitored so as to ensure that all work is performed in a manner that will result in the creation of the least amount of noise disturbance.

Sec. 29-72 Time restrictions on landscape maintenance motorized devices.

It is unlawful for any person to use or operate any noise-generating, motorized landscape maintenance devices, including but not limited to leaf blowers, lawn mowers, or chainsaws, any single-family residential, two-family residential, multi-family residential, or mixed-use zoning district or in areas within 300 feet of any single-family residential, two-family residential, multi-family residential, or mixed-use zoning district from 9:30p.m. to 6:30 a.m.

Sec. 29-73 Construction noise; loading and unloading activity.

(a) Construction noise that does not otherwise qualify under any of the exclusions listed in Section 29-71 shall comply with the following: between the hours of 9:00 p.m. and 6:30 a.m. the following day on a weekday or between 10:00 p.m. and 8:00 a.m. on a weekend day or legal holiday, construction noise of any type including but not limited to, noise caused by the erection (including excavation), demolition, alteration, or repair of any building, as well as the operation of any earth-moving equipment, crane, saw, drill, pile driver, steam shovel, pneumatic hammer, hoist, automatic nailer or stapler, or any similar equipment, shall not be plainly audible within any single-family residential, two-family residential, or multi-family residential zoning district more than 100 feet beyond the property boundary of the property from which the noise emanates.

(b) Noise related to the standing of trucks or other vehicles on a street for the purpose of loading or unloading, and noise related to such loading or unloading that does not otherwise qualify under any of the exclusions listed in Section 29-71 shall comply with the following: between the

hours of 8:00 p.m. and 7:00 a.m. the following day, shall not be plainly audible within any single-family residential, two-family residential, multi-family residential, or mixed-use zoning district more than 100 feet beyond the source from which the noise emanates; provided that between the hours of 7:00 a.m. and 8:00 p.m., the prohibitions of this article shall not apply to noise as described in this subsection.

Sec. 29-73 Conditions for permits for temporary variance; notice of approval or denial; hearings and appeals.

(a) Any person who owns the real property from which a noise source emanates or operates any noise source may, with the permission of the owner, apply with a designee of the commissioner of the department of city planning for a temporary variance from one or more of the provisions of this article, unless such noise source is specifically exempted according to the provisions of section _____. This application, and the procedures for completing this process, shall be posted on the City of Grantville's website. Failure to supply the information required thereby be cause for rejection of the application.

(b) Applications for a permit of temporary variance shall supply information including, but not limited to:

- (1) The nature and location of the noise source for which such application is made;
- (2) The reason for which the permit of temporary variance is requested, including the hardship that will result to the applicant, his/her client, or the public if the permit of temporary variance is not granted;
- (3) The section or sections of this article for which the permit of temporary variance shall apply;
- (4) A description of interim noise control measures to be taken for the applicant to minimize noise and the impacts occurring from the noise for which the variance is sought; and
- (5) A specific schedule of the noise control measures that shall be taken to bring the source into compliance with this article within a reasonable time; and
- (6) An affidavit stating that notice has been provided to the Mayor and the councilmembers.

(c) The applicant shall pay a fee of \$25.00 to cover expenses resulting from the processing of the application for a permit of temporary variance.

(d) Any permit of temporary variance shall be effective no longer than 14 days. Any person holding a permit of temporary variance may request an extension of time through the process for applying for a new permit of temporary variance according to the provisions of this section.

(e) The city of Grantville shall notify the applicant in writing of the mayor's and city council determination on the application within 30 days after receipt of the application. This notification shall inform the applicant of whether a permit for temporary variance has been approved or denied; and, if approved, shall set forth the location, dates and times of temporary variance.

(f) The permit of temporary variance may be revoked by the city of Grantville if the terms of the permit of temporary variance are violated.

(g) In the event a permit for temporary variance shall be denied, or revoked, the aggrieved applicant shall have the right to a hearing before the mayor and city council at the next available council meeting.

**Re: MEAG Power Sale of Excess Power to City of Grantville
on Behalf of the City of Griffin**

Dear Ms. Freeman and Mayor Proctor:

This Letter Agreement sets forth the agreement between the Municipal Electric Authority of Georgia ("MEAG Power"), the City of Griffin, Georgia ("Griffin"), and the City of Grantville, Georgia ("Grantville"), for MEAG Power's sale on behalf of Griffin of certain excess power to Grantville pursuant to Section 312 of the Power Sales Contract between MEAG Power and Griffin. MEAG Power is willing to facilitate and execute this transaction pursuant to Section 312, subject to this Letter Agreement.

The capitalized words or terms that are used in this Letter Agreement, but are not defined herein, shall have the same meanings as assigned to them in the Power Sales Contract.

In consideration of the mutual agreements set forth herein, the sufficiency and adequacy of which are acknowledged by MEAG Power, Griffin and Grantville, it is understood and agreed that:

(1) Sale of Excess Power by MEAG Power on Behalf of Griffin.

(a) Pursuant to Section 312 of the Power Sales Contract between MEAG Power and Griffin, Griffin has declared the amounts shown in Attachment 1, net of any Vogtle sellback amounts, to be excess to its needs. Griffin has requested MEAG Power to sell, and MEAG Power shall, in accordance with this Letter Agreement, sell to Grantville this capacity and the output in each hour therefrom, including output directed to off system sales, as delivered energy (the "Sale Amount") in accordance with the terms and conditions set forth in Attachment 1.

1-800-333-MEAG 770-563-0300

(b) This Sale Amount shall not reduce Griffin's Entitlement Share of output and services under the Power Sales Contract, and Griffin shall remain liable to MEAG Power for its entire Entitlement Share. All payments received by MEAG Power from Grantville for the Sale Amount pursuant to this Letter Agreement shall be credited to Griffin's obligation to MEAG Power to pay for its Entitlement Share.

(c) MEAG Power shall treat that portion of the output sold to Grantville on behalf of Griffin as Grantville's resource from delivery at level B-1.

(2) **Purchase of Excess Power by Grantville.** Grantville agrees to purchase the Sale Amount in accordance with the terms and conditions set forth in Attachment 1. MEAG Power shall bill Grantville for such amount and Grantville shall pay all amounts due in the same manner as other payments under the Power Sales Contract between MEAG Power and Grantville.

(3) **Costs.** Griffin shall be obligated for all costs incurred by MEAG Power as a direct result of the transaction identified in this Letter Agreement. MEAG Power agrees to provide sufficient documentation to Griffin to enable it to verify any such costs.

(4) **Indemnification.** Griffin hereby indemnifies and holds MEAG Power and the remaining MEAG Power Participants harmless from and against any and all losses, costs, liabilities, damages, expenses (including without limitation attorneys' fees and expenses) of any kind and incurred or suffered by MEAG Power or its Participants as a result of, or in connection with, Griffin's sale of excess power pursuant to this Letter Agreement, only to the extent permitted by law

If you are in agreement with the foregoing, and after this Letter Agreement has been duly authorized by the governing bodies of Griffin and Grantville, please execute this Letter Agreement in the space provided below.

VISION + RECOMMENDATIONS

Re-imagine Grantville is a vision to create a re-energized and prospering Downtown; a well-connected community with mixed modes of transportation and an established sense of place for residents, business owners, and visitors alike.

HOW IS THIS VISION ACHIEVED?

EMBRACE HISTORIC IDENTITY

- Build upon and be mindful of the historical significance and character of Downtown
- Restore historic blocks Downtown
- Promote adaptive re-use of buildings and historic preservation

ESTABLISH ANCHORS

- Reuse existing historic buildings: Avoid demolition of historic buildings where feasible
- Attract "Makers and Purveyors": Establish a business climate that supports entrepreneurs, artisans, craftsmen, local artists, etc.
- Focus on "Food, Fun, and Fitness": Recruit businesses that attract a wide variety of people including various ages, ethnicities and income groups
- Create opportunities for expanded employment and consumer spending in Grantville

HOW IS THIS VISION ACHIEVED?

REVITALIZE DOWNTOWN

- Attract a diverse user group: Appeal to business owners, residents, and visitors. Promote a mix of uses and user groups
- Encourage new incremental residential development in Downtown: New housing could include lofts, townhomes, duplexes, and small-house typologies
- Promote the development of new commercial uses in existing Downtown buildings: Uses will include retail, restaurants, shopping, markets, community services
- Improve walkability and pedestrian safety: Provide ADA compliant sidewalks and street crossings throughout Downtown and other areas within the City. Improve sidewalks connections to Downtown
- Improve the character of Downtown streetscapes: Create an identity for Downtown through signage, lighting, outdoor dining, landscaping, furniture, storefronts, etc.
- Create additional open space: Explore opportunities to activate Colley St Park as a "town green" or community gathering space to create a destination and event space in Downtown

IMPROVE MOBILITY

- Make a walkable community: Create a continuous sidewalk network between key points in the City, civic and cultural destinations, neighborhoods and Downtown
- Improve safety and accessibility: Add pedestrian crosswalks and ADA compliance along key corridors, including improving the ability for pedestrians to cross the railroad in Downtown
- Promote bicycles as a form of mobility: Add bike lanes and/or multi-use trails in key locations.
- Improve vehicular safety: Develop streetscape standards, realign troublesome intersections with sight line issues or awkward geometry, and rebuild the vehicular railroad crossing in Downtown so as to solve truck accessibility problems
- Consider additional parking opportunities (focused around Downtown) such as shared parking lots, on-street parking, or flexible event parking areas
- Improve access to transit including Xpress commuter bus, Coweta County Dial A Ride, ride share services, etc.

HOW IS THIS VISION ACHIEVED?

INCORPORATE PLACEMAKING AND ACTIVATION STRATEGIES

- Create a unique and recognizable Downtown character: Celebrate and enhance history and the "main street" look and feel of Downtown
- Promote markets, food trucks, and other pop-up opportunities
- Leverage existing film production: Utilize filming as an opportunity to draw visitors and create economic development. But limit film production to ways that compliment existing and new businesses and that doesn't shut down/disrupt all of Downtown for long periods of time
- Proactively program a diversity of public events throughout the City. Events will include smaller, more frequent events as well as larger annual events

UPDATE INFRASTRUCTURE

- Improve and expand existing water and sewer infrastructure: in order to support future growth
- Address flooding concerns in Downtown

DOWNTOWN DESIGN RECOMMENDATIONS

The vision and goals of Reimagine Grantville were digested into physical design recommendations. The following pages highlight these design ideas and provide a look into the potential future of Grantville. In this regard, it is important to note that the concepts shown here are CONCEPTUAL IDEAS ONLY based on

input received from the public during this planning process and current market realities. They are not intended to imply actual approved development plans or commitments from existing property owners, City officials or others.

1 TOWN GREEN

A new town green at the existing Colley Street Park on Main Street would provide a central location for community events and leisure activities. This new centerpiece for Grantville has the potential to create a sense of place, draw visitors to stay, and create an overall synergy as a central gathering point.

town green that is ideally suited for flexible Downtown special events on a variety of scales, but could still leave room for potential future infill development.

The Market Study prepared for this report indicates that the best short-term market opportunity for commercial uses in Downtown are to re-use existing storefronts in Downtown for new shops, restaurants, etc., where applicable, rather than to develop new buildings. However, there is a short-term demand for new infill housing and live-work units in and around Downtown.

Existing Colley Street Park

The conceptual illustrations shown here depict short-term opportunities that could precede any potential infill development. These images depict an enhanced

Centered around the existing commercial building on Main Street, the town green seeks to foster community through a wide range of spaces. The Northwest corner hosts a large recreation lawn for kids festivals, sporting, and other gatherings. At the center of Main Street, a mid-block crossing provides direct access from downtown businesses to the town green. Directly adjacent to the existing commercial building is a proposed outdoor dining space with tables and cafe lights- encouraging a future restaurant. Seating nooks along Main Street, provide casual small gathering opportunities. At the center of the town green is the signature fountain plaza. Adjacent to the fountain, at the rear of the town green, arises organic mounds for children's natural play, outdoor games, or even unique seating opportunities for adults alike. At the intersection of Main Street and Grant Street and directly adjacent to the iconic passenger and freight depots, a small entry plaza hosts a "Welcome to Grantville" opportunity and a location for the beloved community Christmas tree.

2 TOWN GREEN WITH POTENTIAL FUTURE DEVELOPMENT

The Market Study prepared for this report indicates that the best short-term market opportunity for commercial uses in Downtown are to re-use existing storefronts for new shops, restaurants, etc., where applicable, rather than new buildings. However, there is a short-term demand for new infill housing and five-work units in Downtown.

Therefore, the conceptual illustrations shown here depict new infill housing with the potential to include ground floor five-work units (e.g. small owner-occupied office space). If this form of development does not occur in the short- to mid-term, the buildings shown here could instead be commercially oriented if developed over a longer-term horizon once the Downtown commercial development market matures.

The infill buildings could look like...

3 MAIN STREET STREETSCAPE

Currently, Main Street has a great inventory of commercial building space but lacks a sense of place for visitors. Improving the Main Street streetscape with furniture, lighting, landscaping, signage, and other fun and creative elements can help foster a sense of place and encourage individuals to come to Downtown Grantville. Below are some recommendations on how this can be achieved.

DOWNTOWN DESIGN RECOMMENDATIONS

- 
PROVIDE PEDESTRIAN STREET LIGHTING CONSISTENT WITH HISTORICAL CHARACTER
- 
PROVIDE STREETSCAPE FURNITURE SUCH AS BENCHES, TRASHCANS, etc.
- 
CONSIDER FUN OR INNOVATIVE WAYFINDING ELEMENTS
- 
CONSIDER ON STREET DINING OPPORTUNITIES
- 
PROVIDE MID-BLOCK CROSSING TO CONNECT PEDESTRIANS TO FUTURE TOWN GREEN AND SLOW DOWN VEHICULAR TRAFFIC
- 
PROVIDE STREET TREES, LANDSCAPE ISLANDS, AND CONSIDER INNOVATIVE WAYS TO INCLUDE MORE NATURAL ELEMENTS IN THE STREETSCAPE INCLUDING LAMP POST HANGING BASKETS AND RAISED PLANTERS
- 
HELP CREATE AN IDENTITY FOR MAIN STREET BY ADDING BUILDING SIGNAGE, BUILDING LIGHTING, OR OTHER PLACEMAKING ELEMENTS
- 
MAINTAIN ON-STREET PARKING FOR DIRECT ACCESS TO BUSINESSES
- 
PROVIDE SAFE, WELL-MARKED PEDESTRIAN CROSSINGS

4 GRIFFIN STREET STREETScape

The design recommendations for the Griffin Street streetscape are consistent with the Main Street recommendations—i.e. providing street trees and landscape islands, signage, placemaking strategies, and streetscape furniture.

There is potential for infill development along Griffin Street restoring the original development pattern in locations where previous buildings were demolished. Additional parking could be provided behind the Griffin Street buildings along a shared one-way corridor.

5 HOUSING OPPORTUNITIES

As demonstrated in the Real Estate Market Study conducted for this plan, the future demand for the development of new, ground-up commercial is extremely limited in the short and mid term. The primary focus of attracting new commercial uses should be focused on reusing and filling up existing historic buildings in the Downtown core.

However, there is a demand for incremental, appropriately priced new single-family and low density attached residential development in Grantville. Adding new housing units to the City over time will increase local spending power thus improving the ability to attract new Downtown retail, shops, dining and entertainment - a desire strongly expressed by local residents and stakeholders.

In order to assess the opportunity for new development, the diagram on the next page outlines 4 generalized areas - "Opportunity Nodes" - where new single-family

and/or low-density attached development could occur incrementally over time. The potential nodes are identified based on the availability of vacant land and/or locations identified by local stakeholders. Housing density, type, and lot size would vary based on the surrounding context (see sample imagery). Overall these 4 areas could eventually yield somewhere between 75 and 120 new housing units.

In addition, two additional areas of particular focus for new development - "Redevelopment Districts" - have been identified as potential near term investment areas. These include Downtown, where new housing/live-work development would be fairly limited, but could add some much needed life and daily activity, and the Mill, where multiple redevelopment options (including loft conversion) could be explored (see potential scenarios on the pages that follow). Collectively, these two focus areas could yield somewhere between 80 and 130 new housing units.

OPPORTUNITY NODES

POTENTIAL REDEVELOPMENT DISTRICTS

A

DOWNTOWN REDEVELOPMENT DISTRICT

Unlike many historic downtowns, Grantville Downtown zoning promotes mixed-use allowing for unique loft housing opportunities. The Downtown Plan developed through this LCI promotes additional housing opportunities through attached single-family units, live-work units, and residential lofts. Please see pages 51-65 for specifics on this redevelopment scenario.

B1

MILL REDEVELOPMENT DISTRICT

The Mill Redevelopment District is centered around the historic Grantville Mill on Grady Smith Street. The original mill property has been subdivided into two parcels. Both parcels are currently owned by individuals / entities interested in potential redevelopment opportunities. This particular property has high

potential with a large area of vacant land and a significant existing building inventory. Although this district could redevelop in a number of scenarios, all scenarios could be appropriate for additional housing. The following pages show some of those potential opportunities.

SCENARIO 1:

PROPOSED BY IMMOLOC, MANNEHELY PARTNERS

Scenario 1, provided by Bullock Mannelly Partners and developed by property owners and investors, includes a commercial focused hub with event space, brewery, amphitheater, and rodeo venue. The main existing mill building would have an intended use as a brewery and/or similar "maker spaces" with smaller existing mill buildings becoming residential lofts.

6 MOBILITY IMPROVEMENTS

PEDESTRIAN IMPROVEMENTS

Pedestrian connectivity throughout the area is currently lacking with many sidewalks too narrow, in poor condition, or non-existent. The approach to improved pedestrian mobility is to create a multi-use trail as the spine connecting Downtown to areas of high interest. Off of this spine, neighborhood sidewalks will connect residential areas to the network of community amenities, local businesses and services, and Downtown.

Typology A: Multi-Use Trails

The multi-use trail network promotes pedestrian and bike mobility throughout the area. The trail ensures safe co-existence of slower moving pedestrian traffic with faster moving bikes, scooters, etc. The trail location prioritizes connecting community members to desired services such as the City hall, Downtown, post office, library, and park complex. As spines running throughout the community, the multi-use trails have the potential to connect many residential neighborhoods of Grantville.

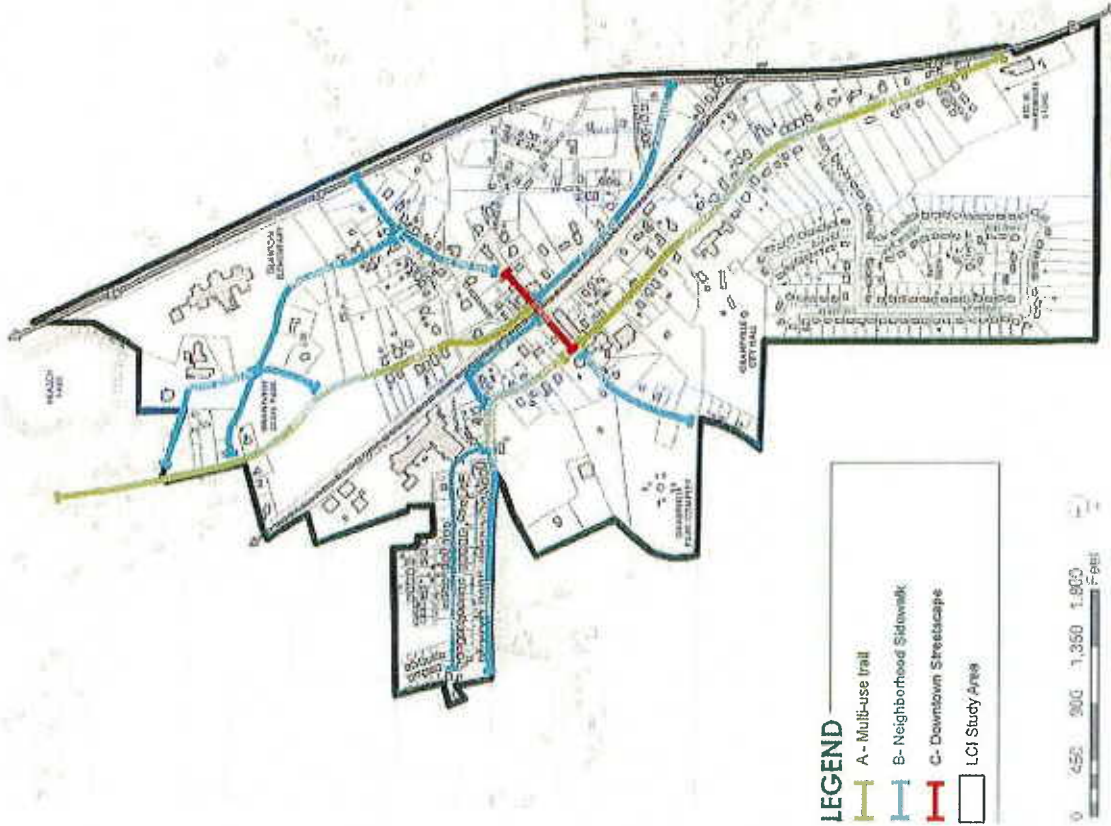

Typology B: Neighborhood Sidewalks

The neighborhood sidewalk network is designed to provide safe transition of the pedestrian traffic on intimate neighborhood-scaled streets. Neighborhood sidewalks will be adapted to existing streets and right of ways.

Typology C: Downtown Streetscape

The Downtown streetscape is shown in detail in the Downtown design recommendations. The overall goal of the Downtown streetscape is to create vibrant, safe, and interesting pedestrian experiences along Downtown businesses.

REGIONAL TRANSPORTATION

Given Grantville's extended location within the Metro Atlanta region, the ability to increase access to public transit is challenging. However, there are a few opportunities that could be explored to enhance access to existing transit systems over time.

Vision + Recommendations

While a tantalizing prospect for Grantville citizens (and a desire expressed frequently during the LCI planning process), it should be noted that the current population size of the City does not warrant the additional investment required in extending the line. Significant future growth and development in and around Grantville would be required.

Conversely, if a new park & ride is unable to come to fruition, the Coweta Dial-A-Ride system (currently in place) connects Grantville residents to the Newnan Park & Ride via a 15-20 minute ride. From here, residents have access to numerous employment hubs,

Xpress Connection

The closest express bus service available to Grantville is the Xpress Commuter System, connecting metro Atlanta communities to and from major employment centers in Downtown, Midtown, and Perimeter Center. The current Xpress network reaches Coweta County at the Newnan Park & Ride. With close proximity to Interstate 85, Grantville could be a potential expansion point of the Xpress system allowing residents a direct connection to major employment centers in Metro Atlanta. Although outside the LCI study area, a new park & ride could potentially sit near the intersection of HWY 29 and Interstate 85, just 1.4 miles south of the existing location.

location, directly off of HWY 29 (Fulton County). This bus stop is less than 1 mile outside of the Coweta County boundary. If Grantville and Coweta County residents could gain public transit services to this location, they would gain access to the widespread Metro-Atlanta transit network by MARTA.

While operational and perhaps legal obstacles exist, the opportunity to expand the Dial-A-Ride service a mere 0.8 miles outside of the County border to connect to the MARTA bus station should be further explored and advocated. This enhancement would benefit residents throughout Coweta County, not just Grantville.

Coweta County Transit + The Last Mile

Coweta County currently provides transit service through Dial-A-Ride: a "demand response" based system allowing next day transportation arrangements at a reasonable fare. Currently, desired commutes must originate and terminate within Coweta County. This system provides great connectivity for Coweta County residents seeking to travel to work, businesses, or activity centers within the county. However, the system currently does not facilitate larger, regional connectivity.

Coweta County is in close proximity to existing MARTA bus routes in Palmetto, GA. The closest stop to Grantville is the Main Street and Toombs Street

Dial-A-Ride Transit Bus

Main Street and Toombs Street MARTA Bus Stop

DOWNTOWN PARKING

As Downtown Grantville continues to grow and add new businesses, thus bringing more visitors to downtown, additional parking may become necessary. Although there is currently adequate on-street parking throughout Downtown, there are no public parking lots. In order to accommodate future business growth, three potential parking areas have been identified in the core of Downtown to develop new public parking lots. Collectively, these new lots could provide approximately 60-70 additional parking spaces.

Area 1 utilizes existing City-owned vacant property at the intersection of Magnolia Lane and Griffin Street. A slight realignment of Magnolia Lane in this location would create a more efficient layout for parking, and therefore more new parking spaces. The realignment would have the added benefit of creating a 90-degree intersection thus improving both vehicular and pedestrian safety.

Areas 2 and 3 are adjacent to potential new alleys and

would require public-private partnerships with private landowner support and participation. Development of these alleys would also create an added benefit of providing off-street service for existing and new businesses along Main and Griffin Streets.

In addition to these new surface parking lots in the core of Downtown to support daily businesses, additional flex-use parking in slightly more remote locations could be utilized to support large, seasonal Downtown events. This would require partnerships and agreement with private landowners and business to allow public parking during non-business hours. Potential locations include Dollar General, Change Baptist Church, Colley Ball Fields, and the old mill complex. Collectively, these locations could provide up to 300 additional parking spaces for special events. The new sidewalk and trail projects proposed in this plan would help improve the viability of these remote lots by providing safe, walkable connections to Downtown.

IMPLEMENTATION

HOW DOES THIS PLAN MOVE FORWARD?

In order for the City of Grantville to bring this plan to fruition, a synergy must be created between many different actors including City officials, private sector partnerships, community members, regulations, and resources. The following section will present both short term and long term recommendations of how this plan can be achieved.

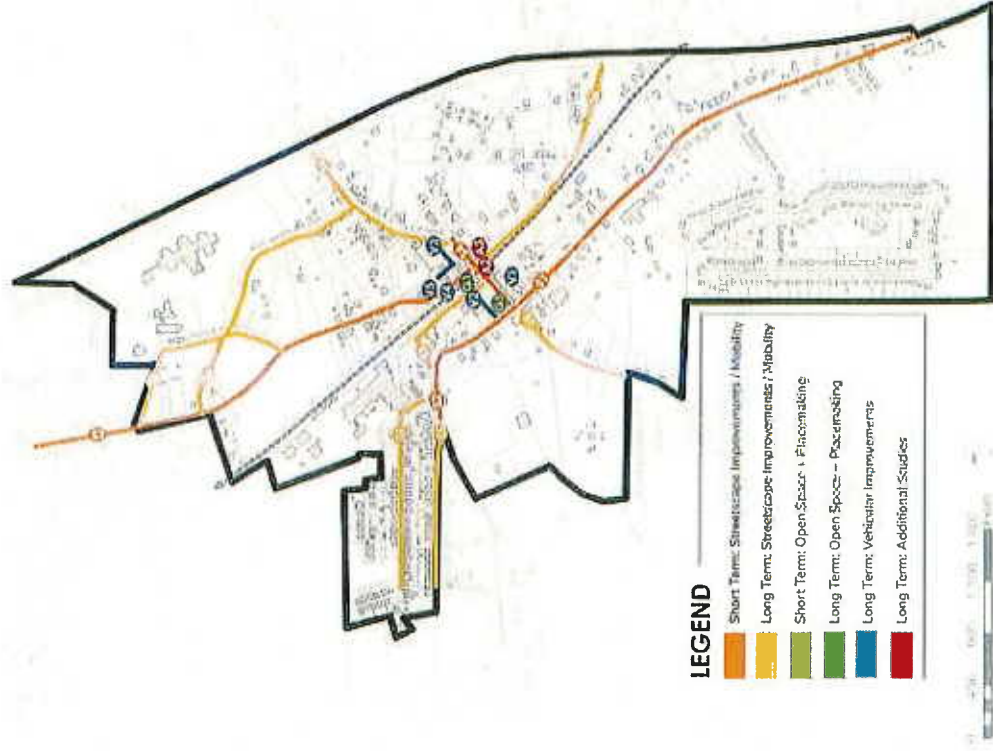

100-DAY ACTION PLAN

The City of Grantville can get a jump start on implementation of this LCI plan by taking a few immediate, cost effective steps in the first 100 days. A tailored approach beginning with primarily administrative actions, can help achieve early momentum with minimal labor hours and capital.

- Designate an LCI champion who speaks the language of all parties that have a role in getting new private development and new public improvement projects to happen. This could be an existing staff position, a consultant or a new hire, as feasible.
- Convene a third-party panel to help make impartial recommendations for organizational strategies. This group could help broker agreements between various parties (elected officials, City staff, developers and property owners, and members of the general public) regarding development-related issues.
- Seek early wins in placemaking and fostering development that creates positive momentum. Encourage interim uses for vacant but still structurally viable buildings, such as art exhibit spaces, "maker spaces," and event venues.
- Research, target and agree on potential early phase implementation grants (including LCI funding) so that when funding windows open up, the City is fully prepared to apply and has property designated necessary matching funds, if needed.

PROJECTS MAP

5-YEAR ACTION PLAN

In the near-term, focus in the LCI area should center around four targeted efforts: 1) reactivating existing retail space; 2) adding modest residential inventory; 3) activating -- through placemaking, 4) connecting neighborhoods through new sidewalks.

- Grantville has the opportunity to capitalize on the high cost of housing around Metro Atlanta. By delivering for-sale and for-rent homes at lower price points, the Study Area can induce a higher demand than it might otherwise attract.
- Small-lot single-family homes and bungalow courts are examples of "gentle density" in residential development, which is suited to a more compact Downtown environment and can offer an

- attractive alternative to typical subdivision developments elsewhere in the county.
- Ensuring a more favorable regulatory environment regarding equitable land use and zoning regulations and transparent expedient permitting will facilitate opportunities for growth in different types of real estate inventory that may not have emerged before.
- Increasing the retail spending captured from Grantville residents through improved signage and placemaking can begin to fill vacancies in existing buildings. Experience-based or "lifestyle" retail and restaurants can distinguish the LCI Area from the

- Improving the Downtown streetscape to encourage businesses and patrons to frequent the area. Use placemaking strategies such as programming and the freight depot renovation to encourage visitors to the City of Grantville.
- Create a multi-use trail network through the City of Grantville allowing community residents mixed-mobility opportunities to and from community

Note: Project costs and descriptions are conceptual only and subject to further study and available funding. Not all projects listed will be eligible for LCI implementation grants.

10-YEAR ACTION PLAN

In the longer term, to allow the Study Area to develop to its fullest potential, Grantville may need to address various infrastructure and connectivity issues.

- The wastewater capacity limits the achievable density of development in a given community. Many residences in and around the LCI Area are reportedly still using septic tank services, which allow for less development density than a municipal sewer system.
- The most recent Comprehensive Plan identified issues with runoff drainage around the LCI Area. Such runoff issues will affect the viability of commercial businesses and residences.
- Parking for retail spaces may be a longer-term concern. Assuming Grantville is successfully

reactivating the currently vacant inventory

- Downtown, the limited number of existing parking spaces may be stretched, especially during events that bring more traffic. Additional on-street parking combined with sidewalks on peripheral streets will likely be necessary.
- Any development incentives for new residential and retail spaces created over the next decade should align with the larger strategic vision.

Once infrastructural needs are addressed, the focus can shift to peacemaking, streetscapes, and vehicular improvements.

- Colley Street Park enhancements are integral in creating a sense of place in Downtown Grantville. This new town green can serve a multitude of functions and foster many community gatherings.
- Vehicular improvements are necessary as the Downtown begins to flourish. New alleys, additional parking areas, and intersection improvements will be key in support new activity Downtown.
- As the Grantville community continues to grow, connecting residents from their homes to places of business and service will be growing in priority.

Neighborhood sidewalks to larger residential areas will ensure a walk-able community.
