

CITY OF GRANTVILLE
Swimming Pool Credit for Sewer Usage Request

Adjustments to your sewer charges may apply the first time you fill a new pool or after a repair of your pool.

Eligibility requirements:

- 1) Customer's utility account is in good standing
- 2) Pool depth must be at least two (2) feet
- 3) Pool must meet or exceed all applicable City of Grantville code requirements.

To request a sewer credit, the customer MUST:

- 1) Complete and submit Swimming Pool Affidavit form along with all required documentation.
- 2) Notify the City of Grantville at least one (1) day PRIOR to filling the pool so a beginning meter reading can be obtained and documented BEFORE filling begins. Customer is also required to notify the City when the pool fill has been completed so that the ending meter reading can be obtained.

Upon receipt of your request for a sewer credit, the City of Grantville will review the documentation, confirm the validity of the permit (if applicable) and/or verify the repair was related to the structure of the pool or pool equipment. Meter readings, pool fill dates and pool capacity information will also be reviewed.

Note: Only one pool credit per 12-month period allowed.

City of Grantville
Swimming Pool Affidavit
For Sewer Credit

This affidavit is for a utility account sewer adjustment for the filling of a swimming pool. All information is subject to the verification processes of the City of Grantville.

Customer Name: _____

Customer Utility Account Number: _____

Property Address (Street # & Name): _____

Date of New Pool Completion: _____

Please Specify Type of Pool: In ground Above ground

Building Permit Number (if new): _____

Pool Capacity (in gallons): _____

OR

Pool Measurements: _____

(Width, Length, Depth & Shape)

I certify that when my pool was drained, the water did not enter the City of Grantville wastewater collection system and that the above information is true and correct. The pool capacity and/or measurements have been accurately stated. The building permit (if new pool) and/or appropriate documentation indicating the size and/or measurements of the pool are attached. I also understand that this application must be submitted within thirty (30) days of the completion of the pool fill to be eligible for a credit.
